Fall is in the air, and that means fun things are around the corner for our school age classroom! This month, we will be learning about the change in seasons and what happens in them. Many arts and crafts projects to enhance our understanding of the things that we learn as well! We also will be learning and playing new games! Kickball has been an outdoor favorite for in the afternoon.

As colder weather is approaching, we are going to begin requesting proper dress/jackets for the kids when they play outside. We will try to provide jackets/hats/gloves if possible, but if we are unable to find clothing to fit your child, they will have to miss out on outdoor play. You can bring stuff to keep in their cubbies for when it is needed.

## **\*Reminder\***

There are pockets on the inside of each child's cubby. These are for letter and papers to parents either from me, or Angela. Please double check this folder on the inside of the cubby for any important paperwork/information. I am reminding children to be responsible and keep track of checking the pocket daily for any papers as well!

*The Friday before Halloween, October 30<sup>th</sup>, we will be having party in our classroom after school. I will be posting a sign-up sheet on the door. If you are able to bring anything for the party that would be helpful. You can drop it off when you pick up your child.*
